Inspiratie

VOORBEELD 1

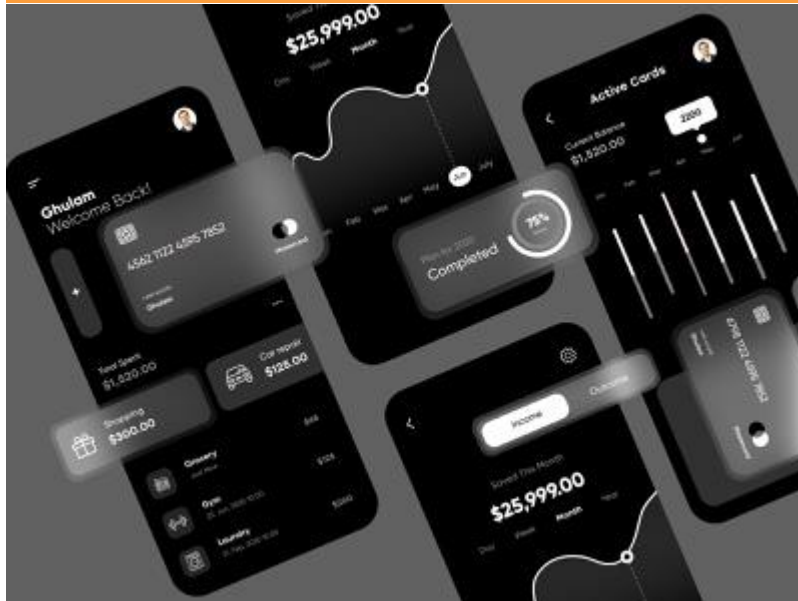

<https://dribbble.com/shots/14729154-File-Manager-App-UX-UI-Design>

In ons project zijn veel van deze kleuren terug te vinden, omdat deze kleuren zeer aangenaam zijn en maken de app aangenamer om te gebruiken.

VOORBEELD 2

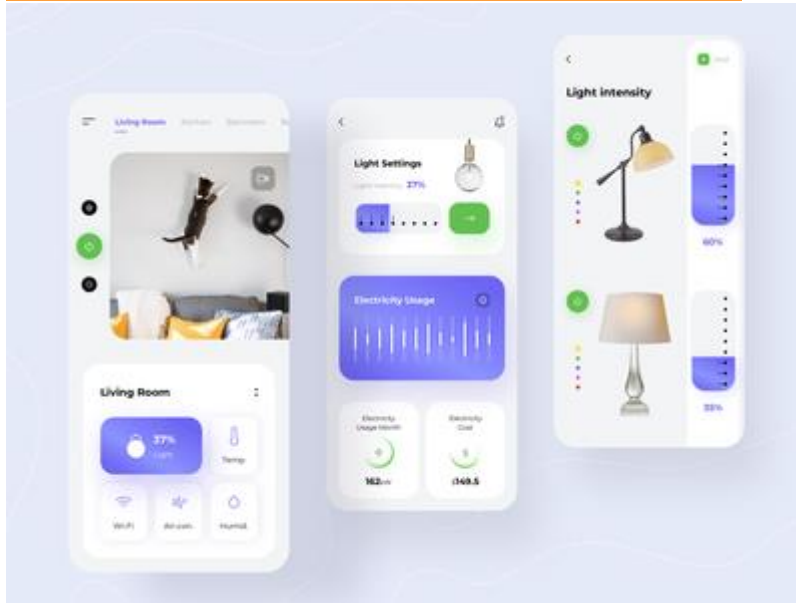

<https://dribbble.com/shots/14304518-Finance-App-Dark-Theme>

In ons project hebben we ook een donkere achtergrond gebruikt net zoals er in dit voorbeeld een donkere achtergrond is.

VOORBEELD 3

<https://dribbble.com/shots/13972150-Smart-Home-App>

In ons project hebben wij gebruik gemaakt van panelen waar onze informatie van de app opkomt. Op die manier verdeel je het scherm en maak je het duidelijk dat het om verschillende onderwerpen gaat.

VOORBEELD 4

<https://dribbble.com/shots/14844866-Financial-app-UI-UX-design-Glass-morphism-Dark-theme>

In ons project hebben we deze stijl van header genomen zoals je op het rechtse scherm ziet met de titel van het tabblad en dan een pijl om terug te gaan naar de vorige pagina.
